

H-D[®] LED CLOCK INSTRUCTIONS

Congratulations on your purchase of a Harley-Davidson[®] LED Clock. The utmost care has gone into the design and manufacturing of this product.

Please read these instructions carefully.

BATTERY PLACEMENT OR REPLACEMENT

Insert one "AA" battery. Be sure to insert the battery following the correct battery polarity (+) or (-) as indicated. Once the battery is inserted correctly the second hand will begin to move. Replace the battery immediately when clock does not keep accurate time or suddenly stops, indicating a weak or exhausted battery. We recommend using an Alkaline battery. (Please refer to Figure A).

TO SET THE TIME

Turn the knob on the back of the clock until the correct time is indicated. (Please refer to Figure A).

LED OPERATION

Plug the AC/DC adapter into the wall socket and snap the Jack into the adapter socket (Please refer to Figure B). The LED will glow when the power is connected and the switch is turned on.

CARE OF YOUR CLOCK

- To clean, wipe with a soft cloth.
- Do not use any corrosive cleaner or chemical solutions on the clock.
- Do not install in wet location.
- Avoid hanging the clock in direct sunlight or near heaters.
- Ensure there is enough slack in the cord to discourage pulling loose or falling.
- NEVER ATTEMPT TO REPAIR LED CLOCK YOURSELF.

AC/DC ADAPTER:

INPUT / 100V 60Hz TMARK for Japan
110V 60Hz UL, CSA for U.S.A., Canada
230V 60Hz TUV GS.CE for Europe
OUTPUT / 12V 500mA

WARRANTY

Free replacement of any part that fails within 90 days from date of purchase, excluding shipping costs. Void if damaged by misuse, accidents, alterations, failure to follow instructions, fire, flood, and acts of God.
