

Assembly Instructions Ford Rolling Cooler

PLEASE READ THESE ASSEMBLY INSTRUCTIONS CAREFULLY.

Parts List	
Qty	Description and Size
1	Cooler Body
1	Cooler Lid
1	Ford Oval Embossed Shelf
4	Cooler Legs
4	Wheels (2 with locking casters)
1	Drain Plug
1	Bottle Opener
1	Bottle Cap Catcher
2	Handles
2	Knobs

Hardware List	
Qty	Description and Size
28	Socket Head Screws
2	Long Screws
1	Allen Head Wrench

Step 1: Lay cooler body upside down on a soft surface.

Step 2: Install cooler legs with screws onto bottom of cooler body. Loosely tighten.

Step 3: Lay shelf on top of legs. Top of the embossed Ford Oval should be facing the bottom of cooler.

Step 4: Screw wheels into legs. Locking casters on same side. Now go back and tighten screws holding legs. Once done stand cooler upright.

Step 5: Place 2 screws into cap catcher location. Tighten. Slide bottle cap catcher over screws and lock in place.

Step 6: Install handles onto side of cooler body with screws. Tighten securely.

Step 7: Install knobs to cooler body lid with long screws. Tighten securely.

STORE INDOORS WHEN NOT IN USE.

Step 8: Place drain plug through hole. Threads facing back of cooler. Slide rubber washer and nut over threads. Tighten securely.

Step 9: Fill Cooler with your favorite beverages and you're ready to roll. Enjoy!

Warranty:

Free replacement of any part that fails within 90 days from date of purchase, excluding shipping costs. Void if damaged by misuse, accidents, alterations, failure to follow instructions, fire, flood, and acts of God.
